INDUSTRIAL ROBOTICS IN FACTORY AUTOMATION

The Department of Electrical and Electronics Engineering of Sri Shakthi Institute of Engineering and Technology has organized one day Industrial talk on "Industrial Robotics and Factory Automation" for the Third year EEE students and Teaching faculty on 19.4.2023. The Session was handled by Mr. G. MuthuKrishnan, Manager-Industry Institute Relations, M/s. FANUC India Pvt. Ltd., and Bangalore. On 19.4.2023 HoD Dr. G. Sundar addressed the gathering, He emphasizing learning the importance of Industrial Robotics in Factory Automation. He also encouraged the students to learn automation in various domains.

ENTREPRENERSHIP SKILL, ATTITUDE AND BEHAVIOUR DEVELOPMENT

The Department of Electrical and Electronics Engineering of Sri Shakthi Institute of Engineering and Technology has organized one day Workshop on "Entrepreneurship Skill, Attitude and Behavior development" for second and Third year EEE students and Teaching faculty on 11.4.2023. The Session was handled by Mr. T. P. Kathik, Project Manager, Kyndryl India Pvt. Ltd., and Chennai. On 11.4.2023 HoD Dr. G. Sundar addressed the gathering, He emphasizing learning the importance of Entrepreneurship Skill, Attitude and Behavior development from the Engineering student perspective. He also encouraged the students to become Entrepreneurs after completing their Professional Degree.

The Chief Guest explained the importance of Entrepreneurs and the associated skills to achieve that. He also explained the need of attitude and behavior to achieve the same. He conducted a practical session to know the various skills that are available for the attended students. Finally HoD thanked the Chief Guest, learners and who are all present for that session.

TRENDING TECHNOLOGY IN MOBILE APP DEVELOPMENT AND CLOUD SERVICES

The Department of Electrical and Electronics Engineering of Sri Shakthi Institute of Engineering and Technology has organized one day Hands on Training on "Trending Technology in Mobile App Development and Cloud Services" for Final year EEE students and Teaching faculty on 27.3.2023. The Session was handled by Mr. D. Navaneethan, Managing Director, M/s Elvado Software's Pvt. Ltd. and Coimbatore. On 27.3.2023 HoD Dr. G. Sundar addressed the gathering, He emphasizing learning the importance of Trending Technology in Mobile App Development and Cloud Services according to the reason Industrial Development. He also encouraged the students to become Mobile App Developers and also asked to increase the level of knowledge for the students in cloud storage.

The Chief Guest explained the importance of mobile app development and its associated features to the future professionals. He also explained the concept of cloud services for various application needs. He also explained some of the basic Mobile Servicing Techniques. Finally HoD thanked the Chief Guest, learners and who are all present for that session.

INDUSTRIALREVOLUTION 4.1

For the II year ECE students and staffs of ECE department a guest lecture has been arranged on the title Industrial Revolution 4.1on 20.02.23 by the department of Electronics and Communication Engineering. The sessions were handled by Mr. S. G. Karthick, Managing Director, GKS Tech, Coimbatore and Mrs .A. Keerthana Head Embedded team, GKS Tech Coimbatore. Mr. G. Karthick briefed out the various industrial revolutions. And he clearly explained what is industrial revolution 4.1 how the products are manufactured using IoT and robotics in automation. Mrs. A. Keerthana explained the scope of jobs if the students studied embedded and IoT.

INTERNATIONAL CONFERNECE ON COMPUTER COMUNICATION AND INFORMATICS (ICCCI-2023) 23 to 25th January 2023

The ICCCI 2023 is the 13the edition, conducted every year in the month of January by Sri Shakthi Institute of Engineering and Technology and the forum of great novelty with the views of initiatives. More than 900 research papers were received and this year 476 papers has been registered for presentation and the research articles are received from Bahrain, Bangladesh, China, Egypt, Ghana, Iraq, Ireland, Japan, Mauritania, Morocco, Oman, Pakistan, Rwanda, Saudi Arabia, Sri Lanka, Thailand and also from various reputed Institutions in India like IITs, NITs, BITS and PSG TECH in India

Research papers are received in the recent technologies like Machine learning, Artificial Intelligence, Embedded systems, IoT, robotics, Industrial Automation, Bitcoin, Blockchain, Crypto currency, Ethical hacking, and Network Security. Around 476 papers were published in the IEEE Digital library
