- Frequently of the Board Meeting and Academic Advisory Body
-Twice in a year
- Organizational chart and processes

- Nature and Extent of involvement of Faculty and students in academic affairs/improvements

All the staff and students are actively involved, on regular basis, in all the academic affairs of the institute. Meeting with the students and staff are regularly held by the Principal/Sr. Faculty for getting their feedback and implementation of the concerned points/ activities, thereafter. Staff is regularly sent for refresher courses/faculty development programs/conference/seminars and students are sent for

- Mechanism/ Norms and Procedure for democratic/ good Governance
- Regular feedback from students.
- Proper counseling/ guidance of students by the tutor and Head of the Deptt. from time to time.
- Encouragement by Faculty to participate in competitions/ event management.
- Teacher evaluation by students.

- Student Feedback on Institutional Governance/ Faculty performance

The student mentoring system plays a vital role in the institution. The intensions of the mentoring are to develop effective communication and visibility between faculty members and students, mentor students to meet the current industry requirements and seek training and career opportunities, identify and address the problems of students in personal and academic background and provide the solutions, encourage the students in advanced learning methodologies and make them do projects relevant to their career prospects, reduce drop-out ratio and to encourage the students to participate in various co-curricular and extracurricular activities. An effective Student mentoring system (SMS) is followed in our college with the following objectives:

- 1 To bring effective communication between staff and students.
- 2 To mentor students to meet the current industry requirements.
- 3 To identify and address the problems of students in personal and academic backgrounds.
- 4 To encourage the students in advanced learning methodologies
- 5 To reduce drop-out ratio
- 6 To motivate the students to participate in co-curricular and extracurricular activities

All the students of the college are coming under this system from the date of joining the college. The mentorship program at SIET comprises a 1:15 ratio; that is, each mentor is allocated 15 students under his/her mentorship. A complete track of the student activities like Academic, Curricular, Co-curricular Extra-Curricular achievements, Social activities, and the details of Parent Meetings are registered in the system. A Mentoring Register is maintained by all the mentors. Mentors will have a meeting with the students periodically and their Academic progress, as well as other activities, are discussed and noted in the register. Any discrepancies in the student behaviour like Attendance, etc will be questioned and will be counselled with care.

Ward Counselling

The institute is having a well-established mentoring system in which two faculty are assigned for each class. About 15 mentees would be assigned for each faculty and they would be meeting their respective mentors during ward counselling hours. Two hours per week is assigned for ward-counseling so that every student can express their innermost difficulties and concerns to their respective mentors. The mentors used to record all the queries and concerns of their respective wards and present the same to the HoD. In this way, the difficulties of the students are identified and are rectified at the earliest possible. Meeting with the mentors and sharing their thoughts will help the mentees in developing their professional and soft skills. The students are given the freedom to meet their respective mentors at any time for clearing any doubts and also for any counsel if required. The mentors continuously monitor the performance of their respective ward members so that any poor performance can be immediately rectified through counselling and hence making the students perform well in the upcoming tests.

Co-curricular and extracurricular activities of the students are noted in the Student Performance Record for future reference. Both academic and other activities of the students are keenly monitored by their respective mentors and required counselling is given in time if necessary, so that the students may improve their performances. Based on internal and external marks, the students' poor performances (i.e., the students with backlogs) are identified and their parents are informed via postal letters.

In addition to ward counselling hours, the institute also conducts class committee meetings in which the students are asked to share their views regarding the teaching methodology of each faculty member, who handle the subjects for their classes. The meeting is conducted with HoD or any other senior faculty member who is not handling any subject for the class as the chairperson and all faculty members who are taking classes for them. About 6 to 8 students from a particular class are selected in such a way that two students are below average, two average, two above average, and two from Tamil medium background. The slow learners can express their difficulties during the class committee meeting and an immediate resolution is made to meet their grievances. The difficulties of the students are to be resolved by the respective faculty members. The class committee meeting is conducted three times per semester and all the grievances are noted in separate minutes of meetings. Any other college facilities that are required by the students are also shared during the class committee meetings. Based

on that an action plan is stipulated so that the possibilities of implementation of such facilities are studied and if possible, they are immediately implemented.

Also, the institute implements hostel vigilance duty for the faculty to monitor the students of the hostel from 08:30 pm to 10:00 pm. This time is allocated as a study hour for the hostel students and hence every month all the faculty members will be deputed to carry out this hostel vigilance duty.

Evening Coaching Class

The slow learners are ascertained during each internal exam and special evening coaching classes are conducted for the weak students. Special remuneration is provided for the faculty who are handling those evening classes. For smooth handling of those classes, a separate timetable is made for every subject in each semester and the attendance is closely monitored. The absences of students are strictly viewed and necessary actions are taken to make them for attending the classes regularly.

Lab-Specific

Each of the lab sessions is done in six batches by two faculty members in order to have special care for the students while experiments are being handled. A demonstrative presentation is given by the teacher concerned before every experiment. The Laboratory records are evaluated after the experiment is completed. Faculty members are actively involved in the pre-experiment stage, at the time of the experiment and after the experiment.

Special Guidance for Hostellers

During semester examinations, faculties are assigned to carry out the hostel duty, in which two faculties are assigned each day of a week. The activities of the students are closely monitored by checking their rooms whether the students are utilizing the study hours effectively or not. Phones and other electronic gadgets are strictly prohibited for students during study hours. A separate remuneration is provided for the faculty member to carry out the hostel duty.

At the beginning of every Academic year, orientation sessions are organized for all students to explain the mentoring system of the institution. 15 students are assigned to each mentor. Well-documented student profiles are maintained by the mentors. Academic and

Personal Counselling is provided by the mentoring system. Frequent student interaction is done through one-to-one meetings, social networking sites, class committees, and academic committees. The ward's performance is communicated to the parents regularly, special counselling is also provided for both the students and parents if needed. Students are highly motivated by the mentor to participate in extra and co-curricular activities and also to upgrade their skills to meet the current industry trends. Economically weaker students are guided to obtain a scholarship from the college, government, and various trusts. Special coaching classes are given for slow learners.

Types of Mentoring Process	Role / Process
Academic Performances	Encouraging bright students to acquire University ranks. Encourage them to participate in Project contest. Paper presentation, journal publication. Improving weak students by mentoring and special coaching class for their academic improvement.
Laboratory	Motivating to perform additional laboratory exercises and mini project sessions.
Career Advancement	Guiding and creating awareness about the career choice through Training classes, Skill based test and corporate interaction session.
Professional Guidance	Students are encouraged to actively participate in curricular, co-curricular and extra-curricular activities.
Overall Improvement	Guiding in academic and non academic issues through counseling and motivation.

	<p>The outcome of the mentoring system:</p> <ul style="list-style-type: none"> • Significant improvement in the teacher-student relationship has been observed • Students' participation in co-curricular and extracurricular activities has significantly improved and won prizes. • Students have been placed in high-profile companies and doing their master's in prestigious institutes in and around the world. • Students have shown outstanding performance in sports tournaments. • Organized different events of intercollegiate district sports and games championships.

Methodology being followed for analysis of feedback and its effectiveness

Feedback is received from all the stakeholders, Students, Teachers, Employers, Alumni, and Parents. Feedback on the teaching-learning process is received from students as a Student satisfaction survey based on a structured questionnaire framed and approved by the IQAC of this college. The questionnaire link is available on the institutional website and Students can drop their filled in feedback forms in the feedback receiving boxes available on the college campus. The received feedback is then analyzed and necessary suggestions are given based on this feedback. Teachers provide informal as well as formal feedback to the head of the institution on different academic, administrative, and other affairs related to the college. Members of the anti-ragging committee and internal complaints committee also receive feedback from students through class campaigns. Grievances (if any) and necessary suggestions can be registered to the Grievance Redressal Cell of the college through the box fixed in the College campus, the cell composition is altered every year at the beginning of the academic session. From Employers also the feedback is requested to ensure the outcome of the study. The Alumni feedback is received during the alumni meet and the suggestions offered are noted for improvement. Departments receive feedback from parents through parent-teacher meetings and discuss different issues related to the overall development of their wards.

A. Record of corrective measures taken

The Mentoring records are periodically verified by the HoDs. HoDs would scrutinize every record and suggest corrective measures if it is necessary. The Mentors and HoDs would have discussions with the Parents and Students with corrective measures. The faculty members who secure excellent feedback are motivated with increments and promotions, others would be counselled by experts to improve their teaching pedagogy, and the faculty members who secure moderate/lower feedback are advised to attend faculty development programs, workshops, seminars, etc. The feedbacks of the faculty members who receive lower feedback are verified in the next semester. Feedback is one of the key parameters in appraising the faculty. Our Institute constantly encourages the faculty members in all aspects. The faculty members who secure above 90% result are highly appreciated. Apart from the result, faculty members, who are involved in admission promotion work, organizing Institute level functions and high involvement in quality assurance works, are highly appreciated. Above all Faculty members are encouraged with an international trip also.

Department level feedback collection

Every department conducts Class Committee meetings periodically (once in a month) with class committee chairman and students of different categories in every class. Students are invited to express their view on subjects and other grievances in the department which are communicated by the chairman of the Committee to the HOD for further actions. Apart from this, feedback is collected from all students for all subjects once for every 15 days to improve teaching learning methods and to address grievances of students. 10 students (3 fast learners, 3 medium learners and 4 slow learners) attend the meeting.

Institute level Feedback collection

At the end of every semester online feedback is collected for all subjects including laboratories. The feedback is consolidated and communicated to Faculty members to help them improve their teaching learning methods for forthcoming semesters. This feedback is obtained from all students of the Institution.

Interactive Feedback

Principal and HOD addresses student representatives from each year to obtain feedback and suggestions regarding academic and co-curricular activities directly. This feedback is then shared with concerned faculty members for remedial actions.

OBJECTIVES OF IQAC

To develop a quality system for conscious, consistent and catalytic programmed action to improve the academic and administrative performance of the Sri Shakthi Institute of Engineering and Technology (SIET). To promote measures for institutional functioning towards quality enhancement through internalization of quality culture and institutionalization of best practices.

FUNCTIONS OF IQAC

- Development and application of quality benchmarks/parameters for various academic and administrative activities of the institution
- Facilitating the creation of a learner-centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process
- Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes
- Dissemination of information on various quality parameters of higher education
- Organization of inter and intra institutional workshops, seminars on quality related themes and promotion of quality circles
- Documentation of the various programmes/activities leading to quality improvement
- Acting as a nodal agency of the Institution for coordinating quality-related activities, including adoption and dissemination of best practices
- Development and maintenance of institutional database through MIS for the purpose of maintaining /enhancing the institutional quality
- Development of Quality Culture in the institution
- Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC

Subject: Accreditation status of programs applied by Sri Shakthi Institute of Engineering and Technology, Sri Shakthi Nagar, L& T By-pass, Chinniampalayam (Post), Coimbatore - 641 062, Tamil Nadu.

Sir,

This has reference to your application I.D. No. 4768-22/05/2020 seeking accreditation by National Board of Accreditation to UG Engineering programs (Tier- II) offered by **Sri Shakthi Institute of Engineering and Technology, Sri Shakthi Nagar, L& T By-pass, Chinniampalayam (Post), Coimbatore - 641 062, Tamil Nadu.**

2. An Expert Team conducted onsite evaluation of the programs from **26th to 28th November, 2021**. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The Competent Authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No.	Name of the Program(s) (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Agricultural Engineering	Tier II June 2015 Document	Accredited	Academic Years 2021-2022 to 2023-2024 i.e. upto 30-06-2024	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the competent authority, whichever is earlier
2.	Electronics & Communication Engineering		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for 3 years. **Sri Shakthi Institute of Engineering and Technology, Sri Shakthi Nagar, L& T By-pass, Chinniampalayam (Post), Coimbatore - 641 062, Tamil Nadu** should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above so as to be eligible for consideration by the concerned Committee in NBA for further processing of the accreditation status.

Contd./...

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to **Sri Shakthi Institute of Engineering and Technology, Sri Shakthi Nagar, L& T By-pass, Chinnampalayam (Post), Coimbatore - 641 062, Tamil Nadu** as a whole. **As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously.** Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

6. The accreditation status of the above programs is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited programs as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

7. The accreditation status awarded to the programs as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

8. A copy each of the Report of Chairman of the Visiting Team and Evaluators' Reports in respect of the above programs is enclosed.

9. If the Institute is not satisfied with the decision of NBA, it may appeal within thirty days of receipt of this communication giving reasons for the same and by paying the requisite fee.

Yours faithfully,

(Dr. Anil Kumar Nassa)
Member Secretary

The Chairman's Desk.....

I have always been inspired by Dr. Martin Luther King's statement, 'I have a dream ' – a dream I believe will come true – a dream that my children will one day live in a world where they will not be judged by the colour of their skin ,but by the content of their character'. This need for tolerance - to create an equal society with no discrimination in Caste, Creed or Colour was best exemplified in the words of MahatmaGandhi.

"I do not want my institution to be walled off on all sides, I want the culture of all lands to be blown about my institution as freely as possible. But I refuse to be blown off my any one of them. Mine is not a religion of the prison house. It has room for the least among God's creations but it is proof against insolent pride of race, religion or colour."

And this I believe will be the watchword of each and every Shakthian.

Sri Shakthi, to me, symbolizes 'creative, progressive power' – the dynamic, vibrant power of the youth! To ensure this , my vision for Sri Shakthi as an Institution of Excellence is to recruit the best minds of this region as the Staff for Sri Shakthi , because the kind of education that we at Sri Shakthi provide for our youth is determined by the kind of men and women we secure as Teachers; who, I believe will provide quality education, holistic in nature.

I am positive that Shakthians would be a boon both to Industry and Organizations.

*Dr. S. Thangavelu,
Chairman*

The Principal's Desk.....

Sri Shakthi Institute of Engineering and Technology (SSIET) was established in the year **2006** with approval of All India Council for Technical Education (AICTE), New Delhi, and is affiliated to Anna University, Chennai. The primary vision of the institute is to impart technical knowledge and skills to the students in accordance with the needs of the industry by producing technologically superior and ethically strong engineers to transform life as a whole.

It is a matter of great pleasure and pride that the college is providing an excellent quality of education and mentoring for the students, aspiring to be competent professionals in engineering and technology. Ever since its establishment, the SSIET conglomerate of students, staff and faculty have endeavored towards creating young and dynamic engineers who will form the crux of the technical work force of tomorrow.

With student strength of more than two thousand at SSIET, our efforts are directed to accommodate and address the expectations of every student by the way of enabling them to participate in seminars, workshops in and out of the Institute, apart from educational tours and industrial project works. The College has a full-fledged Placement and Training ((PAT) Centre. This Centre organizes several training programmes related to development of soft skills to our college students. It has enabled our college students to participate in several recruitment programmes of several leading organization

With all good wishes

Principal
Dr.S.Prakash

VISION

To make the institution one of our nation's great engineering schools, recognized nationally and internationally for excellence in teaching, research and public service. We seek to be the preferred destination for students, practitioners seeking an engineering education, employers hiring engineering graduates and organizations seeking engineering knowledge.

MISSION

To Provide an encouraging environment to develop the intellectual capacity, critical thinking, creativity and problem solving ability of the students.

PHILOSOPHY

We strongly believe...

Achieving 100% pass is only the GATEWAY to success.

Breeding 100% employable / entrepreneurial engineers is the first MILESTONE.

Creating 100% confident, contributing and self-realising citizens who will uphold the pride and cultural ethos of our great nation is our DESTINATION

About the College

Sri Shakthi Institute of Engineering and Technology (SIET) was established in the year 2006. SIET, an Autonomous Institution, approved by All India Council for Technical Education (AICTE), New Delhi, and is affiliated to Anna University, Chennai. The Institute is accredited by National Board of Accreditation (NBA) and NAAC with 'A' grade.

SIET offers 10 UG programs, 5 PG programs and 6 Ph.D Programs. The College has well qualified, experienced and dedicated faculty and supporting staff, state-of-the art laboratory and workshop facilities, computer facilities, library and information center, outdoor and indoor games, air conditioned seminar hall and round the clock Internet facilities & separate hostels for Boys and Girls on campus.

SIET publishes three international journals which are indexed in Google scholar and organizes 7 International conferences every year.

SIET incorporates practical oriented novel teaching-learning practices. Our vision is to develop skilled engineers as per the needs of Industries and society. Each student will be exposed to the Engineering Exploration Laboratory where he quenches the thirst of how to design simple products in Engineering.

SIET conduct the courses in sandwich mode where students spend 60 days in campus and 30 days in the industries. We have incorporated all the latest technologies such as Artificial Intelligence, Machine Learning, Embedded, VLSI, full stack etc. in the syllabus.

Apart from this, students will develop the product in each semester by understanding the subjects studied in that particular semester apart from the real-time industrial major project in their final year. We arrange industrial internships for students in reputed industries.

BASIC AMENITIES

Gallery type classrooms

Every classroom in our campus is designed and built based on the principle of acoustics and ergonomics. A student seated at any part of the classroom can listen to the lecture clearly and accurately. The classrooms are with comfortable two seater desks/armchairs for the students to sit conveniently. Every classroom has LCD projectors. A student is also welcome to give power point presentations while taking seminar.

Laboratories

We have well established and well maintained laboratories in all the Engineering departments. They are all regularly upgraded with latest machinery and equipment. We have special labs for different subjects in other Engineering departments. Apart from these, we have a fully modernized language lab with latest English language software and packages and with newest electronic accessories to improve one's English language.

Library

Our Main library can be the most resourceful place in our campus. It functions 12hours a day continually by at 8AM and closing at 8PM. It has more than 10,000 volumes opening of books, more than a 13144 journals and magazines covering all range of topics. We also have a digital library with 30 systems, E-Journals - 19.000 above, for the students to read the subscribed online journals, to study from the web resources etc.. Besides these, every department also has a separate library to fulfill some specific needs.

Transportation

We have several luxury buses plying to different parts of Coimbatore city catering to the needs of the day scholar students who travel regularly from Coimbatore and surrounding areas.

Wireless internet

Globalization has given human life a paradigm shift. The competition is getting fiercer as the day progresses. At this juncture, an engineer is required to be up to date to stay in the competition. Right to information will become a birth right in due course. Realizing this, we have installed wi-fi connectivity in our campus to make our engineers to be ultra modern and competitive to the very basic. Access to internet at workplace has become a necessity as the employees look for quick information. Our staff members and guests in our campus can also use this facility.

Store & Mess

The store sells all the essential commodities including stationery articles and things of everyday use. They also sell a lot of snacks such as cookies, chips, chocolates, coffee, and ice-cream. A very hygienic and delicious food is served in the mess. They serve both vegetarian & non-vegetarian dishes. Though the mess is mainly for hostel inmates, the day scholar students can also have food by paying a nominal fee. Of course, the management is magnanimous in serving food free of cost for the staff members and guests.

Security

Security arrangements are elaborately done in our campus. A team of well-trained security guards keep vigil on the campus round-the-clock in different shifts.

Sports

Our college has the following grounds for excellent sport events, 400 m track, Football Ground, Cricket Ground, 3 Ball Badminton Courts, Volley Ball courts, Cricket ground, Tennikoit Courts and several indoor game facilities.

PROGRAM OUTCOMES

Engineering Graduates will be able to:

- 1 **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
- 2 **Problem analysis:** Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- 3 **Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- 4 **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
- 5 **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
- 6 **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
- 7 **Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- 8 **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

- 
- 9 **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
 - 10 **Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
 - 11 **Project management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
 - 12 **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

- ✓ Medical Certificate should accompany leave letters on medical grounds.

Academic Progress

- ✓ Students are supported to maintain steady academic progress.
- ✓ 60% or more marks in each subject are considered as the minimum level of acceptable performance in cycle tests and in model Examinations. Students are to aim at the highest level.
- ✓ Pass in Cycle/Model Test is compulsory.
- ✓ For all theory and practical courses including project work, the continuous internal assessment will carry 20 marks while the end Semester University examination will carry 80 marks till Regulation 2019.
- ✓ For all theory and practical courses including project work, the continuous internal assessment will carry 40 marks while the end Semester University examination will carry 60 marks in Regulation 2020.

Internal Assessment Marks

- ✓ Internal Assessment Marks will be calculated based on the marks scored in the three Tests and Class Attendance till Regulation 2019. Internal Assessment marks will be calculated based on the marks scored in the three Tests and Assignment in Regulation 2020.
- ✓ Performance of students, who have poor Academic Track Record/Poor Performance or inadequate attendance, will be reported to Parents.

Counselling

- ✓ There is one Faculty Counsellor for every twenty students (1:20). Students are counselled periodically on student development, issues affecting progress, academic performance, higher studies, placement, attendance, discipline, sports, extra-Curricular activities, etc.
- ✓ Students can make suggestions and feedback regarding difficulties either directly to the class In-charge/HOD/Principal or through the counsellor.
- ✓ A Class committee meeting is held thrice per semester at suitable intervals. During these meetings the student representatives air their opinions and suggestions regarding lecture classes, lab sessions and cycles test performance to enable mid-Semester corrections for realizing excellence in Teaching Learning process.

TRAINING AND PLACEMENT

Placement training

We train the students to meet the expectations of the industry through career development programmes. Extensive training is provided in the areas of Aptitude, Logical Reasoning, Puzzles, Communication, soft skills and technical training to groom the students meet the global standards and emerge as employable professionals. We provide exposure to the students about the happenings with various industries. From the start of the first semester technical, quants and verbal subjects are taught and practiced. In Technical, C, C++, Java, Data Structures, Python, Embedded C, Life Sciences, Food Testing, Agriculture, etc... are being taught. And also, Quants, Logical Reasoning, Puzzles, Gamified Assessment, Verbal, and Soft Skills are taken care until a student achieves his /her goal. During the placement process, the company specific training is effectively implemented by monitoring the attendance, practice tests and mock tests.

Counselling for higher studies (GATE/GRE, GMAT, IELTS, etc.)

We not only focus on placements, the training team as a whole focus on higher education, alternate career, entrepreneurship programmes and other categories according to students' interest. We believe in the quote "Success is where preparation and opportunity meet", so we prepare the young generation to meet success by creating opportunity. Students are facilitated with the training needed to appear for various eligibility exams. An MOU is established with IDP, Coimbatore who extends International Educational Services for the benefit of the students.

ACTIVITIES

Co-Curricular Activities: Professional Associations

Student chapters are well established over the years and are very active with a scholarly approach:

- ✓ Institution of Electrical and Electronics Engineers(IEEE)
- ✓ Indian Society for Technical Education(ISTE)
- ✓ Institution of Electronics and Tele communication Engineers(IETE)
- ✓ Computer Society of India(CSI)

In addition, Department association conducts guest Lectures, eminent scholars and experts in the appropriate field are invited regularly. Besides, the association organizes workshops, Symposia and technical Seminars.

Extra-Curricular Activities

College focuses on academic and professional development of students with organizational abilities, skill sets and ethical Values. Students are encouraged to participate in many co-curricular and extra-curricular activities every week/month/Semester.

List of clubs which enlighten the students talent:

Memorandum of Understanding (Office Lease)

This Memorandum of Understanding is between Terawe Technologies Pvt. Ltd ("Client") and Sri Shakthi Institute of Engineering and Technology ("Sri Shakthi Co-working space") located at L & T Bye Pass, Chinniyampalyam, Coimbatore - 641062.

A. Sri Shakthi Co-working space is an autonomous higher learning educational institution based in Coimbatore, Tamil Nadu. Sri Shakthi Co-working space provides such services, in part, through its "Incubation" and "Training" initiatives (together, the "Program").

B. Client is a leading Information technology provider with its India HQ in Bangalore, Karnataka, has agreed to enter into a lease Program.

Client and Sri Shakthi Co-working space agree as follows:

1. Lease. Sri Shakthi Co-working space agrees to:

- (a) Support the Program by entering into a lease agreement ("Lease") with Terawe Technologies Pvt. Ltd ("Client") with respect to an Incubation and training room located at the Sri Shakthi (S.I.E.T) premises (the "Unit") for a monthly rent of 2,000 rupees per seat. Client is expecting to start with 8 seats and potential to grow to 15 seats.
- (b) Build a glass door separation to demarcate our area from the other tenants, so as to provide privacy & confidentiality of our Incubation, Research & Training efforts of different tenants in the room.

- (c) Provide 24*7 Access to Fully Furnished Office,
 - (d) 24*7 Electricity, HVAC during working hours,
 - (e) Unlimited High Speed Internet (LAN + WiFi),
 - (f) Provide Security, 24*7 CCTV monitored premises, Maintenance, Housekeeping, Reception Services, Usage of Public Areas, Utilities etc.
 - (g) Provide for or arrange to provide Tea/Coffee, Access to Pantry, Usage of Crockery & Cutlery (Use food Court - Paid)
 - (h) Is there a Advance / Exit Fees (Rs.50,000/-)
 - (i) If we need to use a Meeting room, prints/scans/fax, outgoing telephone calls or additional Snacks / beverages etc.. is there Pay As You Go Services?
 - (j) Is there a deposit we need to make ?
 - (k) Provide Plug and Play desks with a system-for each seat
 - (l) Use Campus internet access with understanding that it will be limited but secure access isolated from Campus access
2. **Rent.** Client agrees to pay the monthly rent payments due to Sri Shakthi Co-working space under the Lease by the fifth day of each month.
3. **Term.** The agreement is for a 12 month lease with both parties having the right to terminate the lease with a 30 days notice. The initial term of this MOU will begin on the date of execution of this MOU and expire on the date on which the Lease expires.
4. **Renewal.** Provided that Client continues as a participant in the Program and that Sri Shakthi Co-working space and Client enter into a new or renewed Lease, and at Client's sole discretion, Sri Shakthi Co-working space may renew this MOU for additional terms by giving Client 30-days written notice of its intent to do so. Each additional term will expire on the date on which the new or renewed Lease expires. The Sri Shakthi Co-working space also reserves the right to increase the rent by up to 5% on the renewal of the new term
5. **Termination.** This MOU may be terminated early under the following circumstances:
- (a) **Client's Right to Terminate.** Client may terminate this MOU on 30-days written notice to Sri Shakthi Co-working space if: (i) Client ceases to participate in the Program for any reason, (ii) Client ceases to reside in the Unit, (iii) Sri Shakthi Co-working space provides Client with a notice of eviction, or (vi) Sri Shakthi Co-working space defaults on its obligations under this MOU.
 - (b) **Sri Shakthi Co-working space's Right to Terminate.** Sri Shakthi Co-working space may terminate this MOU on 30-days written notice to Client if: (i) Client defaults on its obligations under this MOU, (ii) Sri Shakthi Co-working space evicts Client, or (iii) Client is in default under the Lease.
 - (c) **Automatic Termination.** If the Lease terminates for any reason other than the above mentioned beyond our control (force majeure, the facility being inaccessible etc..) , this MOU will automatically terminate.
6. **Consequences of Termination.** Upon termination of this MOU, Client will have no further obligations to Sri Shakthi Co-working space, including, but not limited to, any obligations to continue paying the amounts due to Sri Shakthi Co-working space under this MOU, and Sri Shakthi Co-working space will have no further obligations to Client.
7. **Client Guarantee:** With the exception of payment of the rent during the term of this MOU, and irrespective of whether any Client employee, contractor, volunteer, or affiliate has inspected or failed to inspect the Unit or provided or failed to provide Client with any case management or property management services, Client is solely responsible for complying with all terms of the Lease, including, but not limited to, payment of any security deposit and utility costs not included in the monthly rent.
8. **No Third Party Beneficiary.** This MOU is for the exclusive benefit of Client and Sri Shakthi Co-working space and not for the benefit of any third party. No third party has the power to enforce the terms of this MOU.

9. **Entire Agreement.** This MOU is the entire agreement between Client and Sri Shakthi Co-working space and supersedes all prior or contemporaneous written and oral agreements, negotiations, correspondence, course of dealing, and communications between Client and Sri Shakthi Co-working space relating to the same subject matter. This MOU may be modified only as stated in a writing signed by both Client and Sri Shakthi Co-working space and reciting that it is an amendment to this MOU.
10. **Limitation of Liability.** If Client defaults on any obligation under this MOU, Client will be liable to Sri Shakthi Co-working space solely for the amounts due under Section 2 of this MOU. Client will not be liable for any additional costs including, but not limited to, interest payments, late fees, damages, penalties, attorney's fees, or collections costs.
11. **Governing Law.** This MOU is governed by Tamil Nadu law. Client and Sri Shakthi Co-working space consent to the exclusive jurisdiction and venue of the state and federal courts of Tamil Nadu.
12. **Notices.** Any notices required or permitted to be given under this MOU will be either by personal delivery or by certified mail addressed to the respective parties at their addresses indicated in the signature blocks below. Such addresses may be changed by notice in writing to either party.
